## Making Every Dollar

Aimed at limited resource families, this bilingual life skills program for low-literacy audiences includes both a print curriculum and an online self-paced independent study tutorial with interactive games and activities. The curriculum consists of 8 lessons on the subjects of goal setting, making good choices, budgeting, paying bills on time, community resources, credit and food buying. These lessons are proven to empower participants to take control of their money and their lives. This sense of empowerment leads to stronger families who rely less on community resources.

## Money Talks for Teens

Tapping the diverse ways of teen learning, Money Talks is hands-on, interactive, online and available in English and Spanish. It is composed of 10 colorful teen guides, 10 comprehensive leader's guides, 3 DVDs, and an interactive Web site with games and videos. Topics include money personalities, easy ways to save, car buying, credit, banking, food buying and shopping savvy. Teachers have access to a special section containing leader's guides for each teen guide with additional handouts, activities and visuals to help engage students in the topic. This nationally award-winning program is currently used throughout California, in 49 other states and in 20 countries.
